Tom Jones  
Director

June 22, 2000

DWD ISSUANCE 15 - 99

Subject: Substate Monitoring Systems:

1. Purpose: To provide guidance to Missouri Workforce Investment Areas regarding the continuation of substate monitoring systems
2. Substance: Department of Labor (DOL) WIA regulations [667.400(c)(2) and 667.410(b)(2)(ii-iii)] require the Governor, through a statewide monitoring system, to “ensure that established policies to achieve program quality and outcomes meet the objectives of the [Workforce Investment] Act . . . including the provision of services by One-Stop Centers, eligible providers of training services, and eligible providers of youth activities;” and to “. . . determine if subrecipients and contractors have demonstrated substantial compliance with WIA requirements; . . .”
3. Action: Workforce Investment Areas must adhere through the end of Program Year 1999 (PY’99) to the substate monitoring requirements established in Issuance 27-92, Change 1. The Division of Workforce Development (DWD) recommends that Workforce Investment Areas continue their substate monitoring plan systems and procedures previously included in their approved local JTPA job training plans for PY’99 for WIA. A formal, revised substate monitoring technical assistance guide will be issued in the future.
4. Cross/  
Historical: Workforce Investment Act and associated federal regulations.
